9 GEORGE V, A. 1919

AUDIT OFFICE, OTTAWA, November 5, 1918.

BUREAU DE L'AUDITEUR GÉNÉRAL, OTTAWA,
5 novembre 1918.

SIR,—During the last fiscal year ended March 31, 1918, no collections on account of Slide and Boom Dues have come to hand from St. Maurice or Newcastle districts.

The receipts reported for the previous year from St. Maurice district was \$80,150.45, and from Newcastle district, \$498.09.

I shall be glad to know whether any collections have been made in these districts, and if so, why they have not come to account.

I am, sir, your obedient servant,

E. D. SUTHERLAND, *Asst. A.G.*

The Deputy Minister
Public Works Department, Ottawa.

DEPARTMENT OF PUBLIC WORKS,
OTTAWA, November 14, 1918.

Memo for the Deputy Minister:

SIR,—Answering the enquiry of the Auditor General of the 5th inst., as to why no revenue had come to account from the St. Maurice district, which was \$80,150.45 in 1916-17, or from the Newcastle district, which was \$498.09 in the same year, the St. Maurice works were leased to the St. Maurice Boom and Driving Association on the 1st February, 1917. They were to operate and maintain the works, collect the revenue and pay over any surplus of revenue over expenditure. This surplus the department claims is \$30,910.33, which they question and is now under consideration in the department.

With regard to the Trent district, owing to the scarcity of men the two concerns operating on that river did not take out any timber whatever in the winter of 1916-17. There was a small account for \$8.74 for pulpwood which in consequence of the death of the operator, was not paid until the month of October last.

Respectfully submitted,

EDW. T. SMITH.

MONSIEUR,—Aucune perception pour les péages sur glissoirs et barrages flottants n'est parvenue ici pour les districts de St-Maurice ou Newcastle, ce pour le dernier exercice clos le 31 mars 1918.

Les recettes rapportées pour l'exercice précédent ont été de \$80,150.45 pour le district de St-Maurice et de \$498.09 pour celui de Newcastle.

J'aimerais à savoir si quelques perceptions ont été faites dans ces districts, et s'il en a été faites, pourquoi n'en avoir pas rendu compte.

Je demeure monsieur,
Votre obéissant serviteur,

E. D. SUTHERLAND, *Assist.*

Le sous-ministre,
Ministère des Travaux publics, Ottawa.

MINISTÈRE DES TRAVAUX PUBLICS,
OTTAWA, 14 novembre 1918.

Mémoire pour le sous-ministre:

MONSIEUR,—En réponse à la demande de l'Auditeur général en date du 5 courant, pourquoi aucune recette n'était mentionnée dans l'exercice de cette année quand dans celui de 1916-17 les recettes apparaissent avoir été de \$80,150.45 pour le district de St-Maurice et de \$498.09 pour le district de Newcastle. Le 1er février 1917 les travaux du St-Maurice ont été loués à la St-Maurice Boom and Driving Association. Elle devait entretenir et exploiter ces travaux, percevoir les revenus et remettre le surplus des revenus après les frais payés. Ce surplus, d'après les prétentions du Ministère, est de \$30,910.33 mais il est contesté et la question est présentement sous considération au ministère.

Pour ce qui est du district de la Trent, à cause de la rareté des hommes les deux chantiers généralement en exploitation sur cette rivière n'ont pas coupé de bois de sciage durant l'hiver, 1916-17. Il y a un petit compte de \$8.74 pour péages sur bois de pulpe, mais, à cause de la mort du péager, n'a été payé qu'au mois d'octobre dernier.

Respectueusement soumis,

EDW. T. SMITH,
